From solar panel, solar battery, inverter, to solar generator, our products are designed to provide you with uninterrupted power wherever you may be. Taking our portable solar gear for your on ...

At its core, the Vterun Alpha2000 Power Station comes with a 2000Ah expandable lithium-ion battery, modeled as the EB2000. Designed for durability and high capacity, this battery can store a large amount of energy for use when needed.

Welcome to Vterun, your source for reliable, eco-friendly energy solutions. From solar panel, solar battery, inverter, to solar generator, our products are designed to provide you with uninterrupted power wherever you may be.

The USB C output, the DC 12 volt output and the solar input all built into the battery is extremely useful, this battery is more like a power station than a battery. The only thing not built in is an AC inverter, but of course that would be too bulky.

?Smart BMS?The built-in Battery Management System (BMS) ensures optimal performance, protects against overcharging, over-discharging, and provides balanced charging to prolong battery life.
