What is Nighthawk energy storage?

Nighthawk Energy Storage, LLC (an affiliate of Arevon Energy) - The Nighthawk Storage project is comprised of a 300 MW stand-alone, transmission-connected battery energy storage resource located in Poway, Calif. (San Diego County) and, pending required local approvals, is scheduled to be online by June 2024.

What is the 'Nighthawk' battery storage facility?

The 'Nighthawk' battery storage facility is a 300MW project planned for Poway, California. It is being developed by Tenaska in collaboration with Arevon and is expected to use Tesla Megapack. The facility is pending permitting approvals, but is expected to break ground in 2023.

How did Poway City Council approve the Nighthawk battery storage facility?

The council approved the Nighthawk facility via the consent calendar on a 5-0 vote. Poway Mayor Steve Vaus alluded to the fact that California policymakers and legislators consider the building of battery storage facilities crucial toward reaching the state's clean energy goals.

How much money will Arevon get from the Nighthawk project?

Arevon has agreed to provide the city with at least \$3.5 million in sales and use tax revenue during construction of the Nighthawk project in addition to at least \$6.5 million in total property tax revenue over the 20-year term of the project's operation, the report said.

Where is Arevon energy storing energy in Poway?

This rendering of Arevon's proposed Nighthawk Energy Storage Project in Poway shows its future location near Kirkham Way and Paine Street. (Courtesy Arevon Energy) By Rob Nikolewski |rob.nikolewski@sduniontribune.com | The San Diego Union-Tribune UPDATED: September 20, 2024 at 1:08 PM PST

Where is Nighthawk & Paine Street?

The parcel, which is zoned as light-industrial, is located near Kirkham Way and Paine Street. The City Council initially OK'd the Nighthawk project in a unanimous vote on Aug. 20 but, as is custom at municipal proceedings, the matter came up for a second reading as one of the items on the consent calendar Tuesday night.

The Nighthawk Energy Storage Project will be built on 10 acres of an 83-acre site at Kirkham Way near Paine Street. When completed, sometime around the second quarter of 2025, the project would ...
