

Niue spark solar energy

"I have been using the Spark solar kit at home since May 2021. I have a family of four and I often have some residual income, which we use to purchase rechargeable torches and candles for light purposes. We charge our torch at a shop nearby. We were grateful to have convenience when we heard about the Spark energy kit.

The average daily incident shortwave solar energy experiences some seasonal variation over the course of the year. The brighter period of the year lasts for 4.5 months, from October 2 to ...
