

Noria energy Serbia

What is Noria Energy?

Noria Energy is a company founded in 2018 with a vision to support customers in their efforts to reduce energy costs through the adoption of clean energy. Noria Energy has a proven track record of designing and deploying renewable energy technologies, with 200+MW of solar in the United States and Latin America.

Who is Noria Gestion?

His wife Céline joined him in 2008 by investing in the bookstores La Procure and then in other media with strong editorial content. In April 2021, Noria creates a management company approved by the AMF, Noria Gestion. Noria is organized as a family-owned long-term investment structure and continues its action in the service of an integral ecology.

How many companies does Noria invest in?

Based in Lille, Noria has progressively invested in the equity of some twenty companies at different stages of maturity, as well as in a few wind power projects. The time horizon of Noria's investments adapts to the realities of the companies, as demonstrated by the few exits already made to date.

Who owns Noria media & humanity?

Within their family investment structure, Céline manages the group's structures and most of the holdings of the Media & Humanity division. Born in 1970, Céline studied law in England and holds an LLM from Buckingham University. After 6 years with PwC (Paris and Lille) as Audit Manager, David joined Noria as Financial Controller in October 2015.

Is the noria a cog in a landscape?

It is only a cog in a landscape, at the service of the local community, in the heart of a fertile valley that it is up to us to make productive by our work. The noria is not an end in itself but a tool in the service of a better life, a common good, accessible to all.
