

Der Autohersteller Volvo plant, das gemeinsame Batteriezellen-Joint-Venture Novo Energy komplett zu übernehmen, nachdem Northvolt seinen finanziellen Verpflichtungen nicht nachgekommen sei. Das Unternehmen gab bekannt, dass es sein Rückkaufsrecht ausüben und die Anteile von Northvolt an Novo Energy erwerben werde.

Volvo Cars wants to buy out Northvolt - breach of contract. Volvo Cars will exercise its right of redemption to oust crisis-stricken Northvolt from the jointly owned multi-billion project Novo Energy, according to the car manufacturer. This is because Northvolt has breached the shareholders' agreement.

Volvo Cars says that it has informed Northvolt AB, its joint venture partner, that it will exercise its redemption rights in order to acquire Northvolt's Novo Energy shares. This action is in response to Northvolt AB's failure to execute its financial commitments, which is a violation of the parties' shareholders' agreement.

Volvo Cars has today notified its counterpart in the NOVO Energy joint venture, Northvolt AB, that Volvo Cars will invoke its redemption rights to acquire Northvolt's shares in NOVO Energy

Volvo Cars has released a statement declaring that it plans to take full ownership of Novo Energy, a joint venture between Volvo and the Swedish battery company Northvolt. Novo Energy was launched between the two Swedish companies in June 2021. The aim of this joint venture was to build the next generation of pure electric Volvo cars.

Volvo Cars has today notified its counterpart in the NOVO Energy joint venture, Northvolt AB, that Volvo Cars will invoke its redemption rights to acquire Northvolt's shares in NOVO Energy. This action follows a breach of the parties' shareholders' agreement where Northvolt AB has not fulfilled its financing obligations.
