

Oman the solar company

Who is Oman solar systems?

About Us - OMAN SOLAR SYSTEMS CO. LLC Oman Solar Systems (OSS) is a pioneer and leader in offering turnkey solutions in solar energy in the Sultanate. OSS was established in 1991. It is a 100% Omani company committed to the industrial and commercial market.

Why is solar energy important for Oman?

Solar energy is a vital and strategic solution for the provision of electric power in the Sultanate of Oman, given its vast unused land and available solar energy resources. This makes Oman an excellent potential candidate for solar energy development and deployment.

Should Oman invest in solar energy?

Oman has consistently clear skies and has some of the best conditions in the world to take advantage of solar energy. In the quest to reduce the reliance on gas and oil for generation, many commentators feel the Sultanate should be far more proactive in fostering and developing its renewable energy resources.

Who owns the first utility scale solar plant in Oman?

The first utility scale solar plant in Oman, Amin IPP, is owned by Amin Renewable Energy Company. It has a total capacity of 125 MW and started commercial operation in Q2 2020.

Who is OSS solar?

OSS is one of the oldest company in entire GCC region, over the three decades, we have installed many successful solar power systems at critical, remote, and inaccessible locations and delivered power and energy to homes and business houses across the Oman, UAE, MENA and SEA region.
