BaseCharge 1500+ features faster recharging times from a wall outlet as well as a new everyday low price at \$1299 while still offering an impressive 1521 Wh of capacity. The original model could charge fastest via 4x 100W solar panels, but we got feedback from our customers that many wanted to also recharge quickly at home from a wall outlet.

Uploaded March 10, 2022 BioLite is launching two new carbon finance projects focused on improving access to solar lighting in Rwanda and Malawi. We invite you to provide comments on each of these two projects as part of our stakeholder feedback round. The project documents for the Malawi project can be found here, while
