Nuclear energy is the best solution for scalable and reliable carbon-free power generation. We believe all energy sources are needed to meet the growing global demand for electricity, but the only carbon-free solution that can supplement base-load generation, such as natural gas and coal, during this long period of energy transition is nuclear energy.

Prior to joining Pelican, Christian was an Associate in the Energy and Natural Resources group at Stifel. While at Stifel, Christian helped energy and energy transition clients in buy side, sell side, and capital raising engagements. Prior to joining Stifel, Christian worked at Ironman Capital Management, LLC where he earned his CFA charter.
