

Peru ad terra energy

Who is ad terra energy?

As of October 1, 2021, Geneva Petroleum Consultants International will become Ad Terra Energy. Our subsidiary Geneva Geo Energy will also become part of this new enterprise, consolidating our services with a unified vision, reflecting our commitment to better manage our planet's resources.

What is ad terra group?

We are proud to announce the formation of Ad Terra Group, the umbrella organisation regrouping Ad Terra's consulting, investment and operational activities dedicated to the future of energy.

Who is ad terra?

We remain experts in the energy field at our customers' service for tailored solutions ranging from localised projects to global assistance. Ad Terra is opening a new chapter in its history. From the sustainable management of our resources to realistic and adapted solutions, we provide energy to evolve.

Who is ad terra consulting?

Ad Terra Consultancy is a pioneer in carbon capture and storage. We guide our clients to improve drinking water supply in arid or climate-affected regions. We supervise exploration campaigns to search for the mineral deposits needed for the energy transition. We guide our clients to harvest natural resources efficiently, sustainably, and ethically.

What is ad terra synergy?

Ad Terra Synergy is an investment vehicle enabling financial participation in innovative companies, projects and technologies across the energy space.

What does adterra do?

This represents a natural and strategic evolution of our organisation aimed at engaging comprehensively in the energy transition: from designing practical and financially attractive solutions to investing in innovative technologies and operating our own assets. More information at
