

Photovoltaic bracket anti-theft

Are anti-theft solar panels a good idea?

The addition of anti-theft solar mounting PV panel clips to solar panel installations is a game-changer for peace of mind for property owners and solar project managers. The assurance that the solar panels have an extra layer of protection against theft and tampering allows stakeholders to relax and feel secure.

What are anti theft solar mounting clips?

Solar panels are valuable targets for theft. To prevent theft and ensure that solar panels can continue to function as intended, installers use anti-theft solar mounting clips. Let's explore what exactly these clips are and how they increase security and prevent loss.

What are Zephyr anti-theft solar panel clips?

Introducing the Zephyr anti-theft solar panel clips - they're a game-changer in solar security. We've meticulously designed these clips to secure your solar panels, making it nearly impossible to remove them without specialized tools.

How many anti-theft clips should a solar panel have?

For a standard residential solar panel, it's advisable to use at least four anti-theft clips - one at each corner of the panel. In the case of larger, commercial-grade panels or areas with heightened security concerns, a greater number of clips may be needed to ensure a secure and tamper-proof setup.

How much do anti-theft solar mounting clips cost in South Africa?

The price of anti-theft solar mounting clips can vary based on factors like the material, manufacturer, and quantity. In South Africa, these clips can cost from around ZAR 20 for basic models, going up to over ZAR 100 for advanced features. Bulk orders often get discounts, making them cost-effective for big solar installations.

Are solar panel racks secure?

In fact most solar panel rack systems secure solar panels with a simple nut or bolt. This requires no effort on the part of thieves to remove them. There are, however, a few companies that have come up with solar panel security fasteners, a definite upgrade in solar panel security.
