

Photovoltaic company in Bhutan

Is grid-tied solar a viable alternative energy source in Bhutan?

The commissioning and inauguration of the 180kW grid-tied ground mounted solar photo-voltaic power plant marks the start of Bhutan's investment in grid-tied solar energy as a viable alternative energy source in the face of soaring domestic demand and climate change.

Who inaugurated a solar photo-voltaic power plant in Bhutan?

On October 4, 2021, the Chairperson of the National Council of Bhutan, Lyonpo Tashi Dorji, inaugurated the 180kW grid-tied ground-mounted Solar Photo-Voltaic Power Plant at Rubesa, Wangdue Phodrang.

Why is solar energy a problem in Bhutan?

The pilot solar plant at Rubesa, Wangduephodrang, revealed a need for skilled workers and expertise in Bhutan (Image: Bhutan Power Corporation) An additional problem is that the current low cost of power means people are not incentivised to explore solar energy, according to Adhikari.

Who is working on a new energy project in Bhutan?

The government's department of energy, part of the ministry of energy and natural resources, will oversee work on the project, while construction work will be completed by a joint venture comprising Bhutanese construction firm M/S Rigsar and Indian engineering company PES.

Paro-Bhutan has taken a major step toward expanding its renewable energy portfolio with the signing of a Memorandum of Understanding (MoU) at the Bhutan Innovation Forum between Druk Holding and Investments (DHI) and the Reliance Group. The agreement sets the stage for the development of 500 megawatts (MW) of solar power and 770 MW of ...

Bhutan has been actively engaged with the ISA, alongside other ISA partner/donor organisations, to foster collaboration under various ISA programmes. Bhutan's active engagement with various ISA programmes underscores its commitment to harnessing solar energy for enhancing sustainable development.
