

How much is Britain's next renewable power auction worth?

LONDON, March 6 (Reuters) - Britain's next auction round to spur renewable power projects will be worth more than 1 billion pounds (\$1.3 billion), government budget documents showed on Wednesday. The government has set targets for major increases in renewable power to help increase Britain's energy security and meet climate targets.

How many homes will be powered by the 6th renewables auction?

Sixth renewables auction delivers record smashing 131 clean energy projects powering equivalent of 11 million homes. Millions of homes and businesses across Britain will be powered by a new supply of clean, cheap, homegrown energy as a record number of projects receive funding through the government's most successful renewables auction to date.

What is the record contracts for difference (CFDs) auction for UK solar?

Record contracts for difference (CfDs) auction for UK solar results in more than 90 projects securing fixed-price contracts. It follows intervention from the new UK government in summer 2024 to increase the auction budget. Strike prices achieved for all renewables technologies were well below the auction's ceiling price.

When will a new energy auction open?

The auction, which will be the sixth of its type, will open to bidders from March 27, a separate document published by the Department for Energy Security and Net Zero said. The budget for the sixth round is significantly higher than the last auction, held in 2023, which had a budget of 227 million pounds.

Which solar projects are coming to Australia in 2024?

Developed by Quinbrook Infrastructure Partners Pty. Ltd., the project consists of a 373-MW solar farm and a 150-MW battery and is set to enter operation at the end of 2024. INRG Solar Ltd.'s 150-MW Little Crow was second to get the green light in April 2022, followed by EDF's Longfield project in June 2023.

What happened at the UK CFD auction 2024?

It follows intervention from the new UK government in summer 2024 to increase the auction budget. Strike prices achieved for all renewables technologies were well below the auction's ceiling price. A record number of solar projects secured contracts through the sixth UK CfD auction. Image: Medienservices, Pixabay
