

Can You claim compensation if you're having problems with solar panels?

Many households battling against rising energy costs have turned to installing solar panels to help lower costs and become more environmentally friendly. Here's how you could claim compensation if you're having issues with your solar panel loan Credit: Getty Energy Saving Trust says solar panels can typically cut your electricity bill by 15-25%.

Can you get compensation if your solar panels are mis-selling?

If your solar panels are not reducing your electricity bills or providing you with the financial subsidies that you were originally promised by the company who sold them to you, you may be eligible for compensation. The solar panel industry is yet another of those currently embroiled in a mis-selling scandal.

What happens if a solar PV company goes out of business?

Sometimes solar PV companies sell on installations, or the ownership changes if a company goes out of business. If you're unsure who owns the solar panels on your home, you can contact energy regulator Ofgem's Feed-In Tariff Register Team at fitregister@ofgem.gov.uk.

Can I claim solar panels if a company closed down?

This means you may be able to bring your claim against your financial provider even if the company which sold you the solar panels has closed down. How much can I claim?

Can I recover money if my solar panels are faulty?

Every case is different, however, you may be able to recover up to 100% of your money as well as any other losses (for example, if the solar panels are faulty and not performing as well as promised). How do I make a claim for mis-sold solar panels?

Can I make a claim for mis sold solar panels?

Our mis-sold solar panels solicitors can handle every aspect of your claim on your behalf. We may even be able to make a claim if the company which sold you the panels has gone out of business. Am I eligible to make a claim for mis sold solar panels? Below are some factors which may make you eligible for a compensation claim:
