Are REC Solar panels a good brand?

Norwegian brand REC is known primarily for its premium-class residential PV modules. However, it doesn't limit itself to this: the product line is wide enough that you can use wholesale REC solar panels for building a strong commercial system, small or large. REC products are known for high quality, great warranties and innovations.

Is Panasonic a good solar company?

Panasonic, a trailblazer in the solar industry, has been championing the green revolution for over 40 years. Beginning with the groundbreaking research on amorphous silicon solar cells in 1975, Panasonic set a new benchmark in 1997 with its HIT technology, which boasts some of the highest conversion efficiency ratings in the market.
