

Portable solar power station for home French Polynesia

Why is French Polynesia investing in electric vehicles and infrastructure?

The French Polynesia government is also investing in the development of electric vehicles and infrastructure, in addition to the use of solar power and geothermal energy. The government hopes that these initiatives will reduce the cost of electricity and make it more accessible to residents and visitors alike.

What type of plugs are used in French Polynesia?

Additionally, the type of outlet commonly used in French Polynesia is the European standard two-pin plug. Therefore, travelers from countries such as the United States or Canada will also need to bring an adapter for their plugs. It is always advisable to check the voltage and plug type of your device before traveling, to avoid any inconvenience.

Do you need a travel adapter in French Polynesia?

This means that travelers will need to bring a travel adapter or converter if they plan to use their electronic devices while in French Polynesia. Additionally, the type of outlet commonly used in French Polynesia is the European standard two-pin plug.

What is French Polynesia known for?

French Polynesia is a group of islands located in the South Pacific Ocean, and it is known for its stunning beaches, lush rainforests, and vibrant culture. The electrical infrastructure in French Polynesia is relatively modern and reliable, but there are still some things that travelers should be aware of when visiting these islands.

Why is French Polynesia so expensive?

When it comes to power consumption and cost, French Polynesia is heavily dependent on fossil fuels, primarily diesel, to generate electricity. This dependence on fossil fuels has led to high electricity costs and a significant carbon footprint.

Is French Polynesia a good place to travel?

In conclusion, French Polynesia has a modern and reliable electrical infrastructure, but travelers should be aware of the voltage and type of electrical outlets commonly found on the islands. It is also important to bring a travel adapter or converter if planning to use electronic devices while in French Polynesia.
