

Power and solar systems limited Sierra Leone

Why is solar energy important in Sierra Leone?

We prioritize the use of renewable energy sources such as solar power to reduce greenhouse gas emissions, mitigate climate change, and preserve natural resources. By harnessing the abundant solar energy resources available in Sierra Leone, we contribute to a cleaner, greener future for generations to come.

How many solar mini-grid sites are there in Sierra Leone?

In 2020 Power Leone signed an MOU with the Government of Sierra Leone to construct and operate 40 solar mini-grid sites with 1.4 MW capacity across rural Sierra Leone. In 2024, Sierra Leone is constructing and commissioning 17 of these mini-grid sites (800 kW).

Why should you choose a solar mini-grid solution in Sierra Leone?

By harnessing the abundant solar energy resources available in Sierra Leone, we contribute to a cleaner, greener future for generations to come. Ready to experience the benefits of off-grid solar mini-grid solutions?

Plan to increase renewable energy capacity. It will include the installation of floating and ground-mounted solar PV systems, with the possibility of including wind and battery storage.. Overall, Infinity Power has committed to install 1GW of renewable energy in Sierra Leone by 2033, which it will implement over different phases.

What we offer Power Solutions. Easy Solar puts your power back in your hands, helping reduce expenses towards electricity & generator fuel. We offer a wide range of solutions for home, business and industrial purposes, with sales ...

Integrated Power and Control Systems offers rental and sale of Generators, ranging from 6 - 500 kVA. We are specialists in Solar power products, Power control systems, transformers and cables, and lubricants. Our extensive range ...

Despite these limitations of the national power system, the number of private-solar-PV-related businesses is growing. The decentralized off-grids energy systems are very popular in Sierra Leone. Locally trained technicians are available throughout the country. This fact enhances reliability of repair and after-sales services for PV systems.

Integrated Power and Control Systems offers rental and sale of Generators, ranging from 6 - 500 kVA. We are specialists in Solar power products, Power control systems, transformers and cables, and lubricants. Our extensive range of services also include crane rental. PCS has been a distributor of FG Wilson diesel and gas generator sets since 2006.

Sunon Asogli Power Ghana Limited has expanded its operations into Freetown Sierra Leone where it is planning a 20MWp-50MWp Solar PV in one year and another 160MW to be known as Bengongor Hydro Power plant in four years. The move, according to the country's biggest Independent Power Producer forms part of its vision to diversify and expand its ...

As a result, Germany-based solar system integrator and EPC provider Asantys Systems and its long-time partner HOPPECKE Batterien were contracted by Kenya-based PowerGen Renewable Energy and its InfraCo Africa-funded project company Off-Grid Power (SL) Ltd in Sierra Leone to supply 20 containerized solar systems.

Easy Solar makes clean energy affordable to off-grid communities by distributing solar-powered devices and other life improving devices on a rent-to-own financing structure. Easy Solar started operating in 2016 in
