

Power sonic group Togo

Who is power sonic?

Power Sonic has over 50 years experience as a leading force within the battery industry. From our inception in 1970 our focus has been the design, manufacture and distribution of innovative battery solutions.

What battery products does power sonic offer?

Power Sonic offer a wide range of innovative battery products including sealed lead acid lithium technologies. This ensures we have the right battery to meet the unique demands of your application.

Who owns power sonic?

Our customers, wherever they are in the world, know the Power Sonic brand represents a commitment to quality, service and innovation with a customer experience focused approach across all of the companies within our group. In November 2017 Power Sonic announced that it has been acquired by Blackbird Group LLC.

Does power sonic offer a Level 2 charger?

Through EVESCO, Power Sonic can provide a full range of reliable Level 2 (AC) and Level 3 (DC) fast chargers for electric vehicle charging. EVESCO's innovative all-in-one energy storage solutions have been developed on the back of over 50 years of expertise in battery and power conversion technology.
