

Powersafe sbs 40 Anguilla

What is EnerSys powersafe SBS 40?

Terminal design - leak resistant patented dual seat terminal design The EnerSys PowerSafe SBS 40 batteries provides a superior range of valve-regulated batteries with an extended service life in energy dense configurations.

What is the maximum operating temperature of a powersafe SBS battery?

The advanced thin plate,pure lead technology and unique manufacturing methods,used by EnerSys,make PowerSafe SBS batteries the choice for long and trouble-free service. The maximum operating temperature of the PowerSafe SBS J series battery can be extended to 176°F(80°C) via an optional metal jacket.

What battery sizes are available for powersafe SBS batteries?

PowerSafe SBS batteries are available in both 12-volt front-terminal and 2-volt OPzV and OPzS DIN container sizes,and an extensive range of Ampere-hour (Ah) capacities,providing flexibility to fit any setup.

What is a powersafe SBS battery?

PowerSafe SBS batteries are manufactured to the highest international standards and are ideal for reliable use in all wireless and fixed-line communication applications. PowerSafe SBS batteries are also widely used in cable TV, emergency lighting, power generation and offshore applications.

What temperature should a powersafe SBS monobloc be operated at?

However,PowerSafe SBS monoblocs and cells can be operated in the temperature range -40°C to +50°C.In order to maintain mechanical integrity of the plastic components,the battery temperature in operation should not exceed +50°C. Monoblocs and cells lose capacity when standing on open-circuit because of parasitic chemical reactions.

Where are powersafe SBS batteries marketed?

PowerSafe products are marketed under the SuperSafe brand in the following specific countries - India,Indonesia,Malaysia,Singapore,Thailand,Australia and New Zealand. Featuring advanced Thin Place Pure Lead (TPPL) technology,PowerSafe SBS batteries deliver long life,high energy density and superior shelf life for telecommunications.

powersafe sbs(TPPL), Powersafe Sbs ...
