That's why, in our latest edition of AFRY Insights, we bring together energy and bioindustry transition experts to share leading perspectives that span industries. Our theme, "interconnected challenges towards common goals," underscores the necessity of collaboration as we strive for meaningful outcomes.

GED is one of Thailand's largest power producers. GED provides safe and reliable energy by using state-of-the-art facilities and partnering with industry experts like Poyry. Poyry has had similar Lenders Technical Advisory roles in the last three large CCGT projects developed by the Gulf companies in Thailand.

Poyry, now merged with Swedish company AFRY, is an international consulting and engineering company. It serves clients globally across the energy and industrial sectors and locally in its core markets. It delivers strategic advisory and engineering services, underpinned by strong project implementation capability and expertise.

The Poyry retail energy price index provides an independent guide to expected future movements in energy prices for industrial and commercial end users. Both gas and electricity price indices are shown for an average non-domestic customer (in terms of both size and location).
