What is Sunergise Tongatapu solar farm?

The Sunergise Tongatapu Solar Farm is the largest in the South Pacific. It was built as part of a power purchase agreement between Sunergise New Zealand Limited, a Todd Corporation solar company and Tonga Power Limited, with support from the Asian Development Bank.

Where is Tongatapu solar farm located?

Prime Minister of Tonga today announced the official launch of the 6-MW power purchase agreement (PPA) based Tongatapu Solar Farm located at Fualu, Tongatapu, which has supplied electricity to over 10,336 households since August this year.

Who are Sunergise New Zealand & Tonga Power Limited?

This solar project was completed under the partnership between Sunergise New Zealand Limited and Tonga Power Limited with support from the Asian Development Bank (ADB). Sunergise led the construction and meanwhile united local Tongan civil, mechanical and electrical sub-contractors to the team.

What is a solar farm & how can it help Tonga?

Producing energy since August this year, and providing power for up to 10,336 households, the Solar Farm is helping The Government of Tonga pursue its National Energy Roadmap plans to see up to 70% of Tongatapu's electricity generation sourced from renewables by the end of 2025.

Why do we need solar power in Tonga?

Renewables like solar are a significant means for Tonga to expand energy access, stabilize power grids as well as reduce pollution. Considering the shortage of solar expertise and finances for countries like Tonga, the role of independent power producers and the practice of PPA provide solid support to smooth the way for solar deployment.

Does Tongatapu need a solar power plant?

Tongan Prime Minister Hu'akavameiliku Siaosi Sovaleni, who was also at the launch, said the plant indicates the need for independent power - like solar energy - to achieve their National Energy Roadmap. There is an aim to have up to 70 per cent renewable energy use in Tongatapu by the end of 2025.

The Ha Mai Solar Facility is the first solar farm installed at Lifuka, Ha'apai. It has a capacity of 550 kW and 660 kW/hr of battery storage. Ha'apai is the first island in Tonga to reach 50% renewable energy, another step towards Tonga's overall goal of ...

Total Solar International owns a 90% stake in Miyagi Osato Solar Park, while the remaining 10% stake is held by SB Energy, a Japanese subsidiary of SoftBank Group. The solar plant will be equipped with 116,000 SunPower Maxeon solar panels and has been designed to meet Japan's stringent earthquake-resistant building

standards.

Tonga's King Tupou VI officially commissioned Matatua Solar Farm last week, another step towards the Kingdom achieving its renewable energy goal. Consisting of 7,440 solar panels, the 2-megawatt facility is expected to ...

SoftBank Tomatoh Abira Solar Park is a ground-mounted solar project which is spread over an area of 1,660,000 square meters. The project generates 108,014MWh electricity and supplies enough clean energy to power 30,000 households.
