What is the Puerto Rico solar access program?

The Solar Access Program is funded by the U.S. Department of Energy's Puerto Rico Energy Resilience Fund. For far too long, Puerto Ricans have lived with an unreliable and expensive electric system.

What is the Puerto Rico energy Resilience Fund?

This program, funded through the Puerto Rico Energy Resilience Fund, will provide solar panels and battery storage systems to low-income households in Puerto Rico with zero upfront costs, as well as education and support on how to use and maintain the systems.

How much money does Puerto Rico have to pay for solar?

Up to \$190 million is available to Puerto Rico's Housing Administration and a private company to pay for solar and battery installations in public housing common areas and subsidized, multifamily housing properties. Another \$175 million is available for certain healthcare and dialysis centers.

How do I contact a solar ambassador in Puerto Rico?

Call 1 (833) 822-8628, text "Solar" to 40649, or email PuertoRicoGDO@hq.doe.gov. Find your solar ambassador in Puerto Rico.

Why did Puerto Rico get a power outage?

The announcement comes as the U.S. territory continues to struggle with chronic power outages that have worsened since Hurricane Maria pummeled the island as a powerful Category 4 storm in 2017, razing the electric grid. The outages also are blamed on a lack of maintenance and investment in its electric grid for decades.

In a 2020 study, the U.S. Department of Energy (DOE) and the National Renewable Energy Laboratory (NREL) highlighted the rooftop solar potential in Puerto Rico, stating that solar energy generation sited on rooftops offset or reduced the overall energy needed for transmission and distribution. Importantly, this study also found a strong ...
