How does pzem contribute to a sustainable economy?

As a responsible producer, trader, and supplier of electricity, PZEM contributes the transition to a sustainable economy. The importance of analytical competences and advanced quantitative methods has significantly increased during the last years due to the increasing complexity of markets, assets and products.

Does pzem offer flexibility markets?

As a qualified Balance Responsible Party (BRP), Balance Service Provider, and Congestion Service Provider, PZEM has 24/7 access to all flexibility markets. Thanks to the collaboration with Spectral, we can now connect these markets with our existing portfolio.

Despite the heightened wind activity over the weekend, there were periods, particularly on Monday and Thursday, when wind generation dipped substantially. During these intervals, a significant reliance on gas generation was needed to meet the energy demand across most countries in the Central Western European region.

Vandaag, woensdag 25 januari 2023, heeft de Zeeuwse Energie Houdstermaatschappij N.V. (ZEH), voorheen
