

Why did Bulgaria start exploring alternative energy options?

As a result, Bulgaria started to explore alternative energy options and sought to diversify its energy supply. This included increased interest in renewable energy sources, as well as efforts to strengthen its energy ties with the EU.

What is Bulgaria's energy policy?

In the early 2000s, Bulgaria's energy policy was characterized by a delicate balancing act between European aspirations and deep-rooted ties to Russia. Due to its strategic location in Southeast Europe (SEE), Bulgaria played a crucial role in various energy transit projects, particularly pipelines aimed at transporting natural gas.

How has Bulgaria's energy policy changed under Borisov?

Under the leadership of Prime Minister Boyko Borisov, Bulgaria's energy policy began to shift toward closer alignment with the European Union. Borisov's government, which came to power in 2009, was more sceptical of Bulgaria's heavy reliance on Russian energy.

Why is Bulgaria promoting self-sustaining energy solutions?

Bulgaria is also pushing for small- and medium-sized businesses to adopt more self-sustaining energy solutions, including solar energy and battery storage, to reduce dependency on the grid during peak consumption times. Source: IRENA

What is Bulgaria's solar power potential?

Bulgaria's solar power potential is significant, especially in the southern regions. The country has rapidly expanded its solar capacity from 100 MW in 2011 to over 2,400 MW by 2023, with 600 MW added in 2022 alone. The largest solar parks are Dalgo Pole (207 MW) and Verila (123 MW).

How much power does Bulgaria have?

In terms of wind power, Bulgaria had 708 MW of installed capacity in 2019, with the potential to reach up to 3.4 GW. Hydropower, another key resource, generates over 10% of Bulgaria's electricity.

Bulgaria boasts many natural resources and a well-interconnected grid, but aging coal-fired power plants to which renewable energy and storage are cost-effective and sustainable alternatives. Akuo has been operating in Bulgaria since 2008 ...
