

Rexel energy solutions Kyrgyzstan

We are committed to helping our clients make smart choices for a sustainable future through energy efficiency upgrades in facilities across the country, including energy efficient lighting and controls, EV charging stations, air quality solutions, water and gas conservation measures, various motor and drive applications, and more.

We design innovative and sustainable solutions for the world of energy. Preferred partner of electricity professionals, Rexel offers the industrial, residential and commercial markets comfort, security and energy efficiency solutions and services

Developing renewable energy solutions. Renewable energies are an important aspect of the energy transition whose development largely depends on national or regional policies and subsidies. Convinced of the importance of spreading these new energies, Rexel follows local markets as closely as possible in order to provide the most relevant solutions.

Level 3 Charging Solutions Level 3 (DC) charging stations provide high-power charging for shorter charging sessions making them ideal for commercial and industrial settings such as rest stops or retail businesses.
