What does AeSI do?

AESI designs and manufactures safe, efficient and reliable energy storage systems that are easy to purchase, install, operate and maintain. Senior Compliance Engineer at American Energy Storage Innovations. Director of Regulatory & Systems Compliance, ESS ; MBA; UL Certified Functional Safety Professional - UL 991/UL 1998 and IEC/UL 60730-1...

Who is American energy storage innovations?

At American Energy Storage Innovations Inc., we design and manufacture safe, efficient and reliable energy storage systems that are easy to purchase, install, operate and maintain. © 2024 All rights reserved. American Energy Storage Innovations, Inc. Privacy Policy | Cookie Settings

Who is American energy storage innovations (AeSI)?

Given the enormity of the opportunity, the division becomes a free-standing company, American Energy Storage Innovations, Inc. AESI comprises highly experienced core team members who have developed five generations of large-scale BESS systems, heretofore having deployed more than 1.5 GWh worldwide.

What makes AeSI different from other energy storage integrators?

AESI designs and engineers all its energy storage products starting with the industry standard LFP cells upward, unlike integrators that buy modules and/or racks of modules from others and attempt to package them into a system, AESI starts with the cells and designs the optimum system around them.
