With our solar generators (backup batteries and solar panels), you can live peacefully and independently with the confidence of knowing that you and your family's future has all the power it needs. Get Your Geneverse Today!

How many power input ports does a generark SolarOne have?

The Generark SolarOne has two power input ports. One port is for charging the unit via a wall outlet or the optional Generark SolarOne panels. The other is an Anderson port, a standardized solar re-charging port that is compatible with other solar panel manufacturers.

What is a re-charging port on a generark SolarOne?

The Generark SolarOne has two charging ports. One port is for charging the unit via a wall outlet or the optional Generark SolarOne panels. The other is an Anderson port, a standardized solar re-charging port that is compatible with other solar panel manufacturers.

Is Generark the same company as Generac?

Generark and Generac are not the same company. Generac is a global power backup company, while Generark is a separate entity. The name Generark might give the impression of a connection, but there is none. In addition, the layout and general look of the HomePower ONE from Generark resembles the Jackery Explorer 1000.
