

# Sineng Electric and Photovoltaic Inverter

What is a Sineng solar inverter?

Sineng delivers top-notch residential solar-plus-storage solutions, featuring single-phase and three-phase hybrid inverters with high-performance batteries. These hybrid inverters, ranging from 3 to 15kW, empower homeowners to achieve energy independence, reduce electricity bills, and minimize individual carbon footprints.

Who is Sineng electric?

Sineng Electric is a global leader in power electronics, specializing in the development and production of advanced photovoltaic (PV) inverters, energy storage inverters, and power quality control products.

Why is Sineng electric ranked in bloombergnef Tier 1 PV inverter maker list?

WUXI, China, Nov. 24, 2023 /PRNewswire/-- Sineng Electric, a global leading manufacturer of PV and energy storage inverters, ranked in BloombergNEF Tier 1 PV inverter maker list, due to its technological progress, business stability, and outstanding market competitiveness.

What is the production capacity of Sineng PV inverter?

After the three global manufacturing bases being put into operation, the annual production capacity can now reach 50GW. As the market leader in the industry, Sineng ranks in BloombergNEF Tier 1 PV inverter maker list in 2023, as well as Top 8 in the global PV inverter market share.

Is Sineng a Tier 1 PV inverter manufacturer?

Known for its engineering excellence, consistent quality, and brand influence, Sineng has earned recognition as a BloombergNEF tier 1 PV inverter manufacturer and ranked No.4 globally in PV inverter shipments for 2023.

What types of residential inverters does Sineng offer?

Sineng offers a comprehensive range of residential inverters, from 3kW to 25kW, catering to customers' diverse requirements. Featuring Type II SPD, built-in arc-fault circuit interrupter, and I/V scanning, the inverters can effectively elevate overall safety.
