George and the Soluna team have been great to work with. We have been developing a few solutions together of the past few years and we have loved every minute of it. They have been terrific and their products are top notch. I have been extremely happy with the battery unit I received and its performance.

The Soluna HV Pack 10K/15K L-E is a High-voltage LiFePO₄ battery storage system designed specifically for households and small businesses. Pairing with a compatible hybrid inverter for flexible system design, daily storage and peak-shaving, and independent blackout protection provides swift instant power to appliances.
