

Do you need a digital vignette in Slovenia?

If you are travelling with a motor vehicle with a maximum permitted weight of less than 3.5 ton on Slovenia's freeways or expressways, you need a digital vignette. Since February 2022, adhesive vignettes are no longer in use. Trailers are exempt from this requirement.

How do I enter a registration plate number in Slovenia?

When entering the registration plate number of a vehicle registered in Slovenia, ensure that there are no spaces, dashes, or any other additional characters. The same formatting rule applies to registration plates that can be transferred between vehicles.

Are vignettes compulsory in Slovenia?

In Slovenia, as in other EU countries, vignettes are compulsory. Due to recent modernisation efforts, Slovenia now only uses an electronic vignette system. The traditional adhesive vignette on the windscreen is being phased out. This transition away from the adhesive vignette has advantages.
