What are the best solar heating system compression fittings?

Solar pipe couplers, elbows and connectors are among the most popular solar heating system compression fittings we have here at BES. Solar pipe lead or aluminium flashing for slate and tiles roofs with flexible black rubber cones suitable for pipe diameters of 5 to 50 mm are available in this selection.

What is the best solar array mounting solution?

Sometimes the best and most adjustable solar array mounting solution is a Top-of-Pole mount. Our lines of Top-of-Pole Mounts are high-quality structures with heavy steel mounting sleeves and elevation pivots. The module rails are a mill-finish structural aluminum angle. These mounts include stainless steel module mounting hardware as well.

Which solar water heater is SRCC certified?

It includes the tank, evacuated tube collectors, and bracket. The SB-40G is SRCC certified which makes it eligible for the federal tax credit as well as local incentives for solar water heaters. It is the only solar water heater of its type that has the SRCC certification.
