

The inverter can also operate battery-less inverting the power produced by the solar panels directly into AC power. Installation of ExpertPower's solar kit demands a comprehensive grasp of electrical principles and adherence to applicable National Electrical Code (NEC), standards, and regulations along with appropriate installation techniques.

I want battery backup power, no solar Goal: If your goal is to only have a backup power system for when the grid is down and you have no intention of producing solar power at a later stage.. Strategy: An Off-Grid pure sine wave inverter, preferably with a UPS is the way to go.. Alternative: You can also have a Hybrid Inverter but in the interest of saving money, the ...
