

Solar distribution company Belize

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Who is Sun's Electric?

Sun's Electric, with over 18 years experience offers design, installation, monitoring, maintenance, and repair of grid tied and off grid solar PV systems by a licensed electrician. In Belize from a concept to a reality, our solar electrical systems are designed and backed by 18 years of industry experience.

Who installs the Orange Gallery Solar System?

We (The Orange Gallery) were the first official grid-tied system in Belize. Our system was installed by SESB and we have been powering our operations with free energy from the Sun for a few years now. We love it and are happy to recommend SESB!" Which solar system is right for me?
