

Solar energy near me Guernsey

Does Guernsey have electricity?

Over 93% of electricity in Guernsey is renewable. Our island's imported electricity is sourced from 100% renewable energy, including solar, wind and hydroelectricity. This is brought into the island through a subsea cable and distributed to every home and business using an underground network of cables.

Does Guernsey have on-island solar?

Alan Bates, CEO of Guernsey Electricity Community solar, Guernsey has already started on-island renewable generation with community-scale solar arrays feeding over 350kW of renewable solar power into the grid. This means that no matter your property size, a portion of your electricity will always come from on-island solar energy.

Where is the Energy Centre located in Guernsey?

The Energy Centre is located at Admiral Park, St Peter Port, Guernsey Islands, GY1 3TB, Channel Islands.

Why should you choose Electric in Guernsey?

In Guernsey today, over 90% of the electricity we use annually comes from renewable sources such as hydro, wind and solar power. So when you choose electric - whether to heat your home, drive around, or cook your dinner - enjoy peace of mind that your choice is helping Guernsey take a step towards a cleaner, greener future for our island.

Why do we use fossil fuels in Guernsey?

Unlike electric, fossil fuel-powered heating boilers and vehicle engines lose valuable energy when the fuel you've paid for is converted to the heat or power you need. This translates into us paying for greenhouse gas emissions. The fossil-fuels used every day by people in Guernsey include heating oil, LPG gas, petrol and diesel.

Why should you choose electric heating & cooking in Guernsey?

So when you choose electric - whether to heat your home, drive around, or cook your dinner - enjoy peace of mind that your choice is helping Guernsey take a step towards a cleaner, greener future for our island. With legislation quickly changing and technology evolving, start your electric journey today by finding out more about it. Hydro
