

Solar energy company Innova Energy has been acquired by Elm Trading, taking on its 16 ground-mount assets in Britain. The diversified trading company has gained 61.5MW through the transaction dubbed Project Radiant, all of which is accredited under the Renewable Obligation Certificate (ROC) or Feed in Tariff (FiT) schemes, while some solar farms also ...

The solar projects are Bucklesham Solar Park (25MW) in East Suffolk, Parkgate Farm Solar Park (22.5MW) in Essex, and Parkhill South Solar Farm (14MW) in Scotland. The Bucklesham Solar Park received planning consent on 28 November 2023. The project will increase biodiversity by 97.9% for habitat units and 446.31% for hedgerows.

Solar Innova to globalna grupa biznesowa, która działa w dziedzinie odnawialnych źródeł energii w dziedzinie Energii Słonecznej. Technologia odgrywa kluczową rolę dla Solar Innova.. Tworzymy produkty z ...

The sale is an important milestone for Innova, the company said, with the company having aggregated a 65MW portfolio of UK solar assets over the last four years. The competitive sale process highlighted continued strong market demand for long-term subsidies and inflation-linked cashflows, said Innova's investment director Denis Sorkin.

The company further shared that its 22MW solar development in Taunton, Ham Farm Solar Park, also received planning permission earlier this year. It was the second project for which Innova received planning permission from Somerset Council this year. Parish called the second approval "a fantastic outcome for Innova".
