

# Solar panel backup Myanmar

Is there a solar power system in Myanmar?

In Myanmar, there are solar-powered battery charging stations, solar lighting, solar home systems, and village solar minigrids. However, there is no data available on their overall capacity and extent.

What is Myanmar's Solar potential?

In the short- to medium-term, off-grid solar home systems and mini-grid solar /solar/hybrid projects aim to connect households in remote locations where the costs of grid access are prohibitively expensive. The Asian Development Bank estimates Myanmar's potential solar resource at 27 GW. To date, very little of this potential has been realised.

Why should you choose Asia Solar?

We offer outstanding service using high quality products delivered at competitive prices. Such as Rural Area Solar Power Distribution System, Solar Home System (SHS), Solar Street Light System, Solar Water Pumping and Solar related Accessories and Consultation. Asia Solar Co., Ltd is "The Best Solar Energy and Lighting Solution Provider" for you.

Child Fund Myanmar In Myanmar, many children are in great need and are impoverished, malnourished, often HIV-positive, sick and often without parents. Thanks to the Child Fund, the poorest children receive health care, education, vitamin-rich food, and household and hygiene care, until they are securely on the path to self-sufficiency.
