

How will a new solar plant help Macedonia?

Andi Aranitasi, EBRD Head of North Macedonia, said: "The new solar plant will help the country, which faces severe air pollution from coal, to reduce its reliance on ageing coal-fired infrastructure. It will also generate cheap electricity in times of very high market prices.

Why is EBRD launching a solar PV plant in North Macedonia?

Andi Aranitasi, EBRD Head of North Macedonia, said: "This is a very important project for the country's energy transition. It is a continuation of our previous work in backing the ambitious decarbonisation plans of North Macedonia by organising solar PV tenders and constructing the first-ever utility scale solar PV plant in the country.

Who built the first solar plant in North Macedonia?

The 10MW solar plant, built on the site of the spent Oslomej lignite coal mine, was constructed by the public company JSC Elektrani na Severna Makedonija (ESM). This is the company's first solar plant in North Macedonia, developed with a view to diversifying energy sources and supporting decarbonisation.

Where is the largest photovoltaic plant in the Western Balkans?

Mey Energy completed a 55 MW photovoltaic facility in Novaci in North Macedonia. It is currently the largest in the region. The Western Balkans are slow in the deployment of solar power, but the list of utility-scale photovoltaic units is gradually becoming bigger.

Which country has the largest solar power plant in Bosnia & Herzegovina?

Right after a 45 MW facility in Bosnia and Herzegovina entered a trial phase, North Macedonia again became the country with the largest one in the region. Mey Energy said it finished its 55 MW solar power plant in the municipality of Novaci, in the heart of the country's coal industry. The system was built next to the Suvodol open pit.

Which country has the largest solar power plant in the region?

It is currently the largest in the region. The Western Balkans are slow in the deployment of solar power, but the list of utility-scale photovoltaic units is gradually becoming bigger. Right after a 45 MW facility in Bosnia and Herzegovina entered a trial phase, North Macedonia again became the country with the largest one in the region.

Solar Panel Energy (Pty) LTD online store in Vanderbijlpark We are suppliers of PV solar products in Vanderbijlpark, including; CNBM solar panels, JA solar panels, Canadian solar panels, Deye Hybrid inverters, Luxpower inverters Allgrand Batteries, Pylontech and Dyness lithium batteries and LED tube lighting for all your on-grid or off-grid needs in South Africa.

Solar panel energy pty ltd North Macedonia
