

How much does it cost to install solar panels in Cyprus?

The average price of installing solar panels has dramatically dropped over the last decade to almost 90%, allowing more people to afford such an investment. In Cyprus, it is estimated that it takes about 1.5 to 4 for the investment to pay off. The final price heavily depends on the specifications of your project and your needs.

What are solar panels used for in Cyprus?

Solar panels in Cyprus are used for residential, industrial and commercial properties. Other than home use, many businesses install photovoltaic panels in Cyprus for self-consumption. That is, they use the energy the photovoltaic system generates directly, but cannot store any excess energy for following months.

Where can photovoltaic panels be installed in Cyprus?

Photovoltaic systems can be installed on flat and inclined roofs and on the ground. Our team can visit the place where you want the solar panels to be installed, evaluate the amount of space, sun exposure and possible shading and suggest the best place so that you make the most out of your photovoltaic panels in Cyprus.

Does Cyprus support photovoltaic systems?

The government of Cyprus, along with the RES and Energy Conservation Fund, offers support schemes for the installation of photovoltaic systems. This is because solar power is considered to be the future of energy and promoting the use of renewable energy sources is a priority.

Can a non-residential solar system be installed in Cyprus?

Residents of Cyprus who haven't installed any other PV systems with any other Government Grant Scheme are entitled to apply for a non-residential solar panel project, and the panels can be installed either on the roof of the applicant's premises or on the ground. The contract between the producer and the EAC lasts 10 years.

What is a solar pump in Cyprus?

Solar pumps in Cyprus are pumps that work with the energy generated by solar panels. Solar pump maintenance is very important to ensure that the system works as it should and that the water is clean.
