(CNS): Calling the event historic, CUC president and CEO Richard Hew, along with project and government representatives, officially commissioned Cayman's first solar farm Tuesday, 20 June at CUC's facility in Bodden Town, which is expected to generate enough electricity to power more than 800 homes. Hew, Ministry Councillor Austin Harris, Project ...

The Lake Destiny 5MW Solar Farm is the first utility-scale, commercial solar project in the Cayman Islands. It was completed and commissioned in June 2017 and is located on a 20-acre site in Bodden Town, Grand Cayman. The Farm comprises 21,690 poly-crystalline photovoltaic (solar) modules each with a DC-rated capacity of 305 watts.

CUC Building on North Sound Road (CNS): Grand Cayman's sole power supplier, CUC, has issued a statement warning that its shrinking reserve margin means customers could soon see rolling power outages as the mercury climbs this summer. Growing demand driven by already record high temperatures, economic growth and delays in OfReg's ...

(CNS): The suggestion that Cayman doesn't have room to accommodate enough solar panels or wind turbines to generate all of its power from renewables has been debunked in the government's new draft National Energy Policy. The revised policy, which is even more ambitious than the last one, has a target of generating 100% of our power from green ...

The local solar companies hit you with unreal prices based on BS jargon that makes no sense. unfortunately the best way to go solar and off grid is on the "hush" as some of you readers may know, my house is 100% of the grid and has been for the last 5 years, no hick ups, no power failures, no premature batteries drainage. Its been great.

Cayman currently generates around 3% of its power from renewable energy and has set a target of hitting 100% by 2050. OfReg is organising a bid process for new large-scale power generation to ...

GreenTech Solar is the exclusive dealer for SunPower products in the Cayman Islands and a Caribbean regional provider. SunPower's award winning solar panels are quite simply the finest solar products available on the market today ...
