Specifically for Bosnia and Herzegovina, country factsheet has been elaborated, including the information on solar resource and PV power potential country statistics, seasonal electricity generation variations, LCOE estimates and ...

The EBRD is funding a EUR25.1 million loan to EPBiH for a 50 MWp solar power plant on a former coal ash landfill in Gra?anica. This project, supported by UniCredit Bank, marks a significant investment in renewable energy and is crucial for Bosnia and Herzegovina's goal of 43.6% renewable energy by 2030.

In Bosnia and Herzegovina, which only recently got its first utility-scale solar power plant, coal and power producer EPBiH is gradually shaping its energy transition projects. It is focusing on photovoltaics, just like the other two state-owned power companies, with an ambition to set up clean alternatives.
