

Spark solar kit Taiwan

What is a spark solar kit?

Provide access to clean, safe and sustainable energy with the Spark Solar Kit. Every Solar Kit is part of a complete ecosystem consisting of the products, our PayGo integrated Spark portal and on-site support. Thanks to its modular nature, the ecosystem grows along with the development of the village and needs of our partners.

Where are spark solar installations based?

National Coverage. Spectacular Spark solar installations across Great Britain. We cover the whole of mainland Great Britain from our 4 regional hubs located in Brighouse, Nottingham, Bristol and Kent. This gives us rapid installation capability and provides you with a local point of contact for peace of mind.

Are spark solar and EV chargers accredited?

Upholding Standards. We're accredited to perform to the highest level. Spark have all the required accreditations from leading solar, renewable and electrical certification bodies so that you know your Spark solar or EV charger installation is completed to the highest standards.

[illegible]
