The solar farm project, meticulously negotiated by the Dr. Hon. Timothy Harris-led Team Unity government, was set to revolutionize energy production in St. Kitts and Nevis. With all agreements signed and ready for execution two years ago, the project promised to cover one-third of the Federation's energy needs for the next 30 years.

Basseterre, St. Kitts, October 06, 2022 (SKNIS): Energy Officer in the St. Kitts Energy Unit, Denasio Frank stressed that geothermal energy in the Federation has the potential to provide full energy coverage. Mr. Frank explained this during a recent interview. "In early surface studies, we have found 18 to 36 megawatts of potential energy in St. Kitts in the North ...

Saint Kitts and Nevis: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO 2 - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.
