

I was able to understand the Energy Condenser and such, but am lost on emc generation and using the Compressed Refined EMC Link. I see videos that people somehow manage to get 2 billion of a bunch of items using it, but am still confused on how. Any general help for emc on things such as power flowers or energy collectors would be helpful!

Iron Furnaces with power generation upgrade, Netherite Furnace generates 400 rf/t and Rainbow one itself 1k rf/t. I haven't been able to setup the Rainbow Furnace setup (think its semi-bugged), but it will also generate 10k RF/t for each setup apparently - that is all 9 furnaces generating power (which is easy since its all just coal) and linked to the Rainbow furnace.

yea, solar flux reborn has 7 tiers of solar panel that, in stoneblock, have EMC, and even higher tiers like waevern, draconic and chaotic, and Nutronium solar panels. Up to tier five is easy and the materials are readily available, but tier 6 requires dragons breath, and tier 7 takes dragon eggs. which without ProjectE would SUCK to make in ...

The flux plugs is where it transfers power to the points and storage. Points can go on machines that require powers. And the storage can charge people inventory and equip items. They need to make a network after setting up the plugs on the power sources. Then assign the points to that network as well as the storage.

Bug Report After creating a Controller for Refined Storage, the quest does not recognize it, even if clicking the "Submit and Claim" button in the quest book, while the block is in my inventory. ... Same, doesn't work on Stoneblock modpack version 1.0.37 It probably doesn't complete because NBT tags don't match? (the quest has no NBT tags ...

Ive got a setup in that modpack (made in creative, but should be possible in survival) that makes 2.2Grf/t without a single watch. It has a Mekanism fusion reactor running on 1000mb/t of D-T fuel producing power and heat, the heat is piped to a boiler which boils water into steam and goes into an industrial turbine.

Hi all, i recently started my stoneblock 2 journey and im kind off stuck in power generation. Currently have a Generator from Draconic Evolution and im trying to set my magmatic dynamo up, but i have no idea how to, especially since i am about to set up the ME drive quest line in the storage quests.

Zambia currently faces a shortage of reliable electricity, due both to increasing demand and reduced hydropower generation caused by declines in precipitation linked to climate change. This is USTDA's second ...

The best way to get ender pearls depends on pack and your point in the tech/resource tree. If you're on a pack with Mystcraft, Thaumcraft, and Extra Utilities I think making random ages until you get a high/flat and/or cave ...

The subreddit for all things related to Modded Minecraft for Minecraft Java Edition --- This subreddit was originally created for discussion around the FTB launcher and its modpacks but has since grown to encompass all aspects of modding the Java edition of Minecraft.

Ah. I stumbled upon this post this morning while thinking about how inefficient me and my mates power generation is, since we're using coils from lootbags hooked up to a machine crucible which takes energy, and cobblestone to make lava.(forgot the name so I'm describing it) To then feed into a magmatic generator, needless to say the amount of power it generates is no where near ...

Power gen for Stoneblock 3 . Question ... if you place a watch of flowing time near it it makes so much energy its not even close to ever being depleted with the nature of the pack ... That really just carried me until I wanted Refined Storage's Infinite Range wireless. Then I used RS to automate Energizing Orbs and jumped to Powah Nitro Reactors.

This page is about the Energy Core added by Draconic Evolution. For other uses, see Energy Core. The Energy Core is a machine added by Draconic Evolution energy storage system. It is the central part of the Energy Core multiblock which can store massive amounts of Redstone Flux (RF). This structure comes in 8 tiers. When fully assembled, RF can be introduced to and ...

stoneblock storage Question ... Connect storage drawer controllers, crates, colossal chests up with Xnet connectors and wires and a channel on the controller ... It might take a while but if you got 64k storage cells from the loot bags you can rush for a refined storage and a coal generator for the energy.I saw a r do it and it worked ...

[Stoneblock] Filling a Tier 8 Energy Core (credit /u/furitiem) I should preface this by saying that I love exploits. I am the kind of player that absolutely abuses shortcuts. ... you need to make a refined storage or AE system or colossal chest for this. Its way too many items to transfer by hand. Some items will crash your game, so try not to ...
