Cao Renxian was a teacher at Hefei University of Technology. Dissatisfied with his job, in 1997 at the age of 30 Cao resigned from his position to start his own business in renewable energy despite his peers dissuading him as he had only just gotten married. Cao saved 80,000 yuan and obtained 500,00 yuan from friends and relative to start the business. When the business first started, renewable energy was only in its infancy stage and therefore S...
