

What is SMA Sunny Boy smart energy?

The SMA Sunny Boy Smart Energy single-phase hybrid inverter is the two-in-one solution for the generation and flexible use of solar power at home. The Sunny Boy Smart Energy is the ideal gateway to an all-round energy transition in the home. As a PV and battery inverter in one, it ensures a reliable and sustainable supply of energy.

What is Sunny Boy smart energy?

The Sunny Boy Smart Energy is the ideal gateway to an all-round energy transition in the home. As a PV and battery inverter in one, it ensures a reliable and sustainable supply of energy. Thanks to the integrated secure power supply function and an optional battery backup function*, it will continue to run even if the utility grid fails.

Can Sunny Boy smart energy be combined with SMA EV charger?

Yes, the Sunny Boy Smart Energy can be combined with the SMA EV Charger via the Sunny Home Manager 2.0. What is the duration of the warranty for the Sunny Boy Smart Energy?

Does Sunny Boy smart energy have a surge protection device?

The three integrated MPP trackers also allow configurations like this with the Sunny Boy Smart Energy. A Surge protection device can be optionally connected on the DC side. They are offered as type 1+2 and type 2 as accessories from 3rd party companies. Can I operate multiple Sunny Boy Smart Energy devices in a single system?

When will Sunny Boy smart energy be available?

The market introduction of the Sunny Boy Smart Energy is planned for Q1/2024. It will be available in Germany, Benelux, Spain and Italy depending on country-specific certification. Australia, as well as further European countries will follow in 2024.

How long is the warranty on Sunny Boy smart energy X?

The duration of the standard warranty for the Sunny Boy Smart Energy X is 5 years. The owner can get 5 year's extra warranty by registering his inverter in the Online Service Center. More information can be found here. Can the warranty for the Sunny Boy Smart Energy be extended?
