These are the Kwinana Battery Energy Storage System 1 (KBESS1), which was commissioned in 2023, the Kwinana Battery Energy Storage System 2 (KBESS2) which is under construction, and Collie Battery Energy Storage System (CBESS) which was submitted for development application in September 2023. Frequently Asked Questions

The market for battery energy storage is estimated to grow to \$10.84bn in 2026. The fall in battery technology prices and the increasing need for grid stability are just two reasons GlobalData have predicted for this growth, with the integration of renewable power holding significant sway over the power market.
