Are loadbreak fuse interrupters available for 35kv applications?

? Loadbreak fuse interrupters are not available for 35kV applications. ;Maximum design application of the 27kV switch is 29kV.

How do you set a heat sink on a busbar com-Partment?

g ring on the roof plate of the busbar com-partment and align it symmetrically to the opening. Use suitable lifting gear to set the heat sink on the busbar com-partment in such a way that the relevant studbolts in the busbar enclosure engage in the bores in the flange plate on the heat sink, taking ca
