

Tanzania tetra energy services company Ltd

Who is Tetra Technologies?

TETRA Technologies, Inc. (NYSE: TTI) is an energy services and solutions company focused on developing environmentally conscious services and solutions that help make people's lives better. Our portfolio consists of Energy Services, Industrial Chemicals, and Lithium Ventures.

Why is Tetra Tech tackling water-related challenges in Tanzania?

Through WARIDI, Tetra Tech addressed the root causes of water-related challenges impeding Tanzania's path to sustainable social and economic development.

What services does Tetra Tech offer?

We are home to industry leading experts in offshore and onshore wind, solar, hydropower, biofuels, hydrogen, and battery storage systems. Tetra Tech offers environmental, engineering, and management consulting services to support electric generation, transmission, distribution, and oil and gas facilities.

Does Tanzania have a good water supply?

Although Tanzania has abundant natural freshwater resources, its rural population has limited access to safe water and sanitation services.

Is safe drinking water and sanitation attainable in Tanzania?

Reliable access to safe drinking water and sanitation services is still unattainable for many people. WARIDI's video on sanitation and hygiene was shared by Tanzania's largest IPP Media Group, which includes the Guardian Tanzania, ITV, EATV, and others.
