

Single phase voltage regulator / stabilizer working on relays provides stable 230V output to protect sensitive electronics from mains voltage spikes. MCU controlled circuit & high efficiency toroidal transformer ensures maximum reliability. It offers 2 schuko outputs + terminal block and intuitive LCD display with essential parameters. Delay time can be selected 6s / 180s. Product ...

Rechargeable 12V 57Ah GEL battery with up to 2300 charging cycles and capable of deep discharge. Internal composition based on silica gel makes the battery extremely versatile & robust, resistant to vibration & maintenance free. Ideal for heavy duty applications that require high power to operate & large storage capacity: UPS, renewable energy solutions, industrial / ...

Single phase UPS specifically designed for gas boilers with extended runtime & external batteries with automatic recharge. It provides stable (integrated AVR) 230V output through 2 Schuko sockets. Internal heavy duty copper transformer & microprocessor drives high reliability over time. Top handle is great for easy carrying. Product code: TED000347 [button title="Product Data ...

Online UPS provides superior protection & back-up time using double conversion technology, built for sensitive electronics in case of power loss or voltage fluctuations using. It provides stable (integrated AVR) clean 230v output through Schuko sockets. It has an intuitive interface consisting of a LCD display and navigation buttons. Remote management via USB for ...

Acumulator stationar 12V 260Ah GEL Acumulatorii sunt sigilati (etansi) si functioneaza fara mentenanta. Aplicatii: UPS-uri, UPS-uri pentru centrale, EPS-uri (Electric Power System), sisteme de securitate (alarme), sisteme de ...

Single phase voltage regulator / stabilizer using servomotor technology for accurate stabilization & wide voltage range control. It provides 230V output & protects any electronic equipment from voltage faults & spikes. MCU controlled circuit & pure copper windings ensures maximum reliability. It offers 2 Schuko outputs and terminal block. Intuitive LCD display conveys ...

TED Electric's high-quality UTP (Unshielded Twisted Pair) Cable - the backbone of seamless data transmission. Engineered for reliability and performance, this cable is your go-to solution for connections in your network.

Online UPS provides superior protection & back-up time using double conversion technology, built for sensitive electronics in case of power loss or voltage fluctuations using. Horizontal (rack) / vertical (tower) position mounting options. It provides stable (integrated AVR) clean 230v output through Schuko + IEC sockets. It has an intuitive interface: LCD display + navigation buttons. ...

Rechargeable 12V 67Ah GEL battery with up to 2300 charging cycles and capable of deep discharge. Internal composition based on silica gel makes the battery extremely versatile & robust, resistant to vibration & maintenance free. Ideal for heavy duty applications that require high power to operate & large storage capacity: UPS, renewable energy solutions, industrial / ...

Three phase voltage regulator / stabilizer using servomotor technology for high precision & wide voltage range control. Ideal for large applications. It provides safe 400V output & protects any electronic equipment from voltage faults & spikes. Input / output terminal block for connections. 3 intuitive LCD display (1 for each phase) conveys essential parameters. Built-in wheels with ...

UPS-urile TED ELECTRIC din gama Line Interactive sunt dotate cu circuit AVR, menit sa monitorizeze tensiunea de intrare. Sarcina se hraneste de la retea in timpul operatiunilor normale, si de la acumulatori, in cazul in care retea prezinta probleme. Totusi, in comparatie cu UPS-urile Offline, UPS-urile TED ELECTRIC Line Interactive incorporeaza diverse filtre pentru a ...

Line Interactive UPS is an uninterruptible power supply used as back-up to protect your electronic devices during black-outs or other electric faults like voltage fluctuations. It is user friendly & easy to use. It provides stable (integrated AVR) 230V output through 4 Schuko sockets. Remote management via USB for Windows, Linux, Unix & BSD. Intelligent Start-up in DC mode (Cold ...

Rechargeable 12V 93Ah GEL battery with up to 2300 charging cycles and capable of deep discharge. Internal composition based on silica gel makes the battery extremely versatile & robust, resistant to vibration & maintenance free. Ideal for heavy duty applications that require high power to operate & large storage capacity: UPS, renewable energy solutions, industrial / ...

Single phase online UPS provides superior protection & back-up time using double conversion technology, built for sensitive electronics. It provides stable (integrated AVR) clean 230v output through modular terminal block. It has an intuitive interface: LCD display + navigation buttons. Remote management via USB for Windows, Linux, Unix & BSD. Wheels for easy maneuver + ...

Single phase UPS specifically designed for gas boilers with extended runtime & external batteries with automatic recharge. It provides stable (integrated AVR) 230V output through 2 Schuko sockets. Internal heavy duty copper transformer & microprocessor drives high reliability over time. Top handle is great for easy carrying. Product code: TED000361 [button title="Product Data ...
