

# The best photovoltaic solar panels

Which solar panels are best for your home?

SunPower, REC, Panasonic, Maxeon, and Jinko Solar offer the best solar panels. The type of solar panel, power output, efficiency, performance in warm climates, warranty, and price are the key factors to assess when comparing solar panels. The best solar panel for your home can depend on your roof space, shading, and climate.

What is the best high-efficiency solar system?

We recommend Maxeon as the best high-efficiency system because of the company's average panel efficiency of 20%-22.8%. Solar panel efficiency ratings indicate how well solar panels convert sunlight into usable energy.

Who makes the best solar panels?

Maxeon (also one of the best solar panel brands) still currently manufactures SunPower's highest-quality line of solar panels (the M-Series), but is now able to sell these panels to other U.S. solar panel companies. 2. REC Group Summit Energy via REC Group REC is a European-based solar company that offers a range of solar panels.

Which solar panels are most efficient?

The most efficient solar panels commercially available are monocrystalline solar panels, including every panel on this list. How many solar panels do I need to power my house? That depends on your energy usage, your home's energy efficiency, the amount of sun you get, the direction your roof faces and more. There's no one-size-fits-all answer.

How do I choose the best solar panels?

You'll also want to choose panels from a company that backs its panels (and ideally your entire system) with a strong warranty. We reviewed hundreds of solar panel models and found that five brands stand out: SunPower, REC, Panasonic, Maxeon, and Jinko Solar. SunPower, REC, Panasonic, Maxeon, and Jinko Solar offer the best solar panels.

How good are solar panels?

Only solar panels with average reviews of four or more stars were featured. Solar panels all have a specified performance. This is typically listed in terms of wattage (the electrical output they can provide for your home), along with efficiency (the percentage of sunlight they can turn into power).

**Best overall: Maxeon 7.** The most efficient residential solar panel right now is the Maxeon 7, which dethroned the older Maxeon and Canadian Solar panels when it launched in February 2024.

Solar panels facing south or north in this way, it is possible to optimize the time of exposure to solar radiation
