

Tokelau ceto transit gate energy sphere dispenser

Where is Ceto transit gate?

Ceto Transit Gate is a site in the EMP Fields region of the Union system in Everspace 2. This location is the first Union location visited - it has several G&B structures including cargo transit processing, and has a Jump Gate to the Ceto system. Okkar patrols are present here. Located inside a radiation filled asteroid on the 'bottom' of the map.

Where is the dispenser near Kato's Palace?

The dispenser is in the central area, where you also had tunnel to the shielded reactor with the two secured containers, about 2 km away from the socket. Kato's palace is 1 km away from the socket. I haven't found another dispenser yet... where's the one near Kato's palace? Or the other one, if the one I mean is that one.

Where is the second energy sphere dispenser?

There is a second energy sphere dispenser located near those energy sockets. It's hidden in a literal hole in the ground right next to one of the sockets. How the hell did you even find this Post after 11 Months? XD Man, if two months freaked you out, this is gonna blow your mind. Yea if 11 months freaked you out, I'm with CitizenKing.

The energy sphere dispenser should be in one big station that looks like a flower (yellow-colored). There are multiple level to unlock the last container from that station. ... The games are similar to classic RPG games such as Baldur's Gate and Neverwinter Nights. Members Online. Stuck in Drezen Citadel - Can't Find Slime Coated Key
